

# Digital Inclusion week

#DIW2023 • Powered by NDIA • Oct 2-6, 2023

## 2023 Theme: Building Connected Communities

Digital Inclusion Week is an annual week of national visibility, recognition, movement-building, and celebration. NDIA leads the campaign nationwide with a variety of opportunities across digital platforms - website, blog, social media, and virtual events.

This is the largest spotlight for digital equity throughout the year, with widespread visibility driven by events, media coverage, and local government leaders.

Please join us October 2-6, 2023 to publicly demonstrate your company's support for digital inclusion nationwide.

This will be our biggest Digital Inclusion Week yet!
