

NET INCLUSION 2019

CHARLOTTE, NC • APRIL 1-3, 2019

ABOUT NET INCLUSION

33% of Americans do not have broadband at home. For Americans with less than a \$20,000 annual income, the percentage rises to a striking 59%. The 4th annual Net Inclusion Conference addresses practical, scalable solutions increasing connectivity and digital literacy in the US, thereby increasing access to jobs, education, healthcare and social services.

Attendees are community practitioners, advocates, academics, Internet service providers, and policymakers. The event will engage these leaders on:

- Local, state and federal policies and policy innovations impacting digital equity
- Sources of financial and programmatic support of digital inclusion programs
- Digital inclusion best practices from across the country

We are expecting over 300 attendees from around the U.S. Your sponsorship dollars will keep the registration costs low, encouraging participation.
