BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Findings:

A. On February 29, 2020, the Governor of Washington state declared a state of emergency in all counties in Washington and directed that the plans and procedures of the Washington State Comprehensive Emergency Management Plan be implemented as a result of coronavirus disease 2019 ("COVID-19").

B. COVID-19 is a respiratory disease that can result in serious illness or death and can easily spread from person to person; and is classified by the World Health Organization as a pandemic that spreads easily from person to person and may result in serious illness or death.

C. On March 1, 2020, King County executive Dow Constantine signed a proclamation of emergency enabling "extraordinary measures" to respond to the COVID-19 outbreak. On March 3, 2020, the council passed Motion 15610 affirming the executive's proclamation of emergency.

D. As a result of the continued worldwide spread of COVID-19, its significant progression in Washington state, and the high risk it poses to our most vulnerable populations, on March 23, 2020, the Governor issued a "Stay Home - Stay Healthy" order prohibiting, with limited exceptions, all people in Washington state from leaving their homes or participating in social, spiritual and recreational gatherings of any kind regardless of the number of participants, and required all nonessential businesses in Washington state to cease operations except for performing basic minimal operations. In describing COVID-19's impact on public health and the economy, the order noted the pandemic's progression in Washington state that continues to threaten the economy and remains a public disaster affecting life, health, property or the public peace. The order was extended twice, with the last extension expiring May 31, 2020.

E. On May 31, 2020, the Governor reiterated that a State of Emergency continues to exist, but amended the "Stay Home - Stay Healthy" proclamation and renamed it the "Safe Start - Stay Healthy" proclamation and that except as provided in the phased county reopening plan, all other provisions remain in force.

F. COVID-19 and the related preventative measures necessitated by COVID-19, including those outlined in the "Safe Start - Stay Healthy" proclamation are causing extraordinary, unprecedented and devastating economic effects in King County and throughout Washington.

G. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("the CARES Act"), a \$2.2 trillion federal stimulus package, became law. The CARES Act provides relief to state and local governments through a variety of federal agencies and programs, such as the Federal Emergency Management Agency, the Housing and Urban Development's Community Development Block Grants and Public Health and Social Services Emergency Fund through Health and Human Services, as well the Treasury Department's Coronavirus Relief Fund. Certain of these relief programs apply to the county, which the county will use the moneys provided by these programs to either pay or reimburse, or both pay and reimburse, the county for necessary expenditures incurred due to the public health emergency, including expenses preparing for, responding to and preventing COVID-19.

H. In response to the State and county declarations of emergency, as well as guidance from the local health officer and state Department of Health, the county was required to take emergency protective measures to eliminate or lessen immediate threats to lives, public health and safety. These measures were directly related to the emergency and include the county's response to mitigate community transmissions. The actions taken by the county to prevent, prepare for and respond to the public health emergency were reasonable and prudent given the county's needs and the information available at the time, and in accordance with federal regulations and cost principles. Internal policies and procedures, including procurement guidelines to support the work and expenditures made were followed. All expenditures made were in carrying out the legal responsibilities of the county.

I. Expenditures in this ordinance are intended to be eligible for FEMA reimbursement. The expenditures, which are necessary as a direct result of and to respond to the public health emergency include, but are not limited to: supplies and commodities directly related to public health emergency and services being provided by the county; emergency medical care; medical sheltering; emergency distribution of food and supplies; security and law enforcement; emergency transportation; new medical supplies required as a result of the emergency and essential to the public health and safety services being performed; costs associated with quarantine such as cleaning and disinfecting facilities and equipment, the cost of de-intensification sheltering; leasing facilities to provide non-congregate sheltering for isolation and quarantine to target populations including COVID-19 positive individuals and those who have been in contact with COVID-19 positive and asymptomatic high risk individuals; other services and associated costs incurred due to the "Stay Home - Stay Healthy" order and the local public health officer order; and other items such as telework support for essential public health and safety personnel.

J. On June 18, 2020, the King County board of health adopted Resolution 20-08, which declared racism as a public health crisis. The council acknowledges the board of health's resolution and recognizes that COVID-19 disproportionately impacts historically disadvantaged communities such as Black, Latinx, Indigenous and

other Communities of Color. The board of health found that structural, historical and systemic racism are the root causes for this disproportionate impact. The council recognizes the devastating impacts of COVID-19 throughout the county and that relief is necessary for every community impacted, particularly those historically disadvantaged communities that are more adversely impacted by COVID-19. The council is also committed to creating policies aimed at uplifting historically disadvantaged communities and to create better health and economic outcomes for historically disadvantaged communities that will in turn benefit the county as a whole.

K. All of the emergency operations, public health and safety COVID-19 response, personal protective equipment, housing and eviction prevention, hazard pay, food security, digital access, behavioral health COVID-19 response, preventative public health measures taken for judicial administration, jail and other agencies and other costs proposed in this ordinance are in the public interest, reasonable and necessary expenditures to prevent, prepare for and respond to COVID-19 and incurred due to the COVID-19 public health emergency. The costs were not accounted for in the most-recently approved state or county budget and will be incurred by the county before December 30, 2020.

L. The council has authority to enact an emergency appropriation ordinance as set forth in Section 470.20 of the King County Charter.
