

Digital Inclusion Week ²⁰₂₆

October 4 - 10

Digital Inclusion Week (DIW) is an annual nationwide event dedicated to raising awareness about digital equity and the vital importance of inclusion in our increasingly digital world. This week-long event garners participation from organizations, agencies, cities, and Tribes across the country that host a multitude of virtual and in-person events, including digital skills trainings, convenings, device distribution, and award ceremonies, to showcase the collective efforts to bridge the digital divide and highlight the impactful work being done to ensure everyone has access to technology and the internet.

This is the largest spotlight for digital equity throughout the year, with widespread visibility driven by events, media coverage, and local government leaders. Become a sponsor to demonstrate your company's support for digital inclusion.

DIW 2025 Highlights:

11,300+
Digital Inclusion Week
Pageviews
